CHECK - ER - X .

Arturo Masterpiece — Exclusive Release To U.F.Grant.

An Amazing Checker From Rope Release.

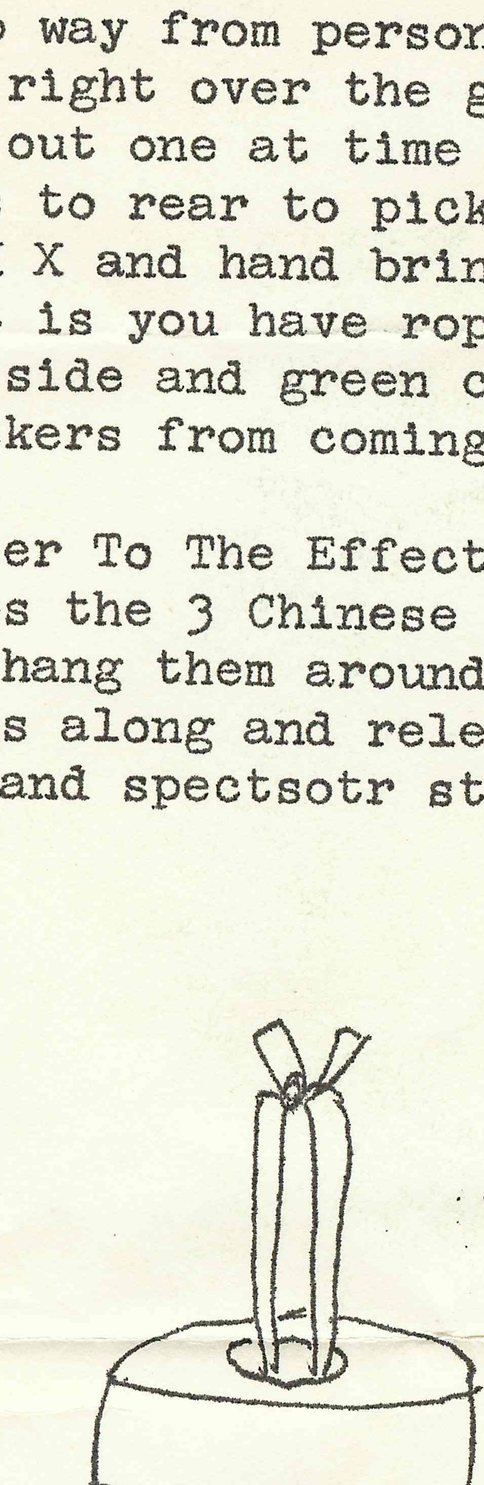
We supply a rope of proper length and diameter to go along with the four checkers also supplied.. All ungimmicked...

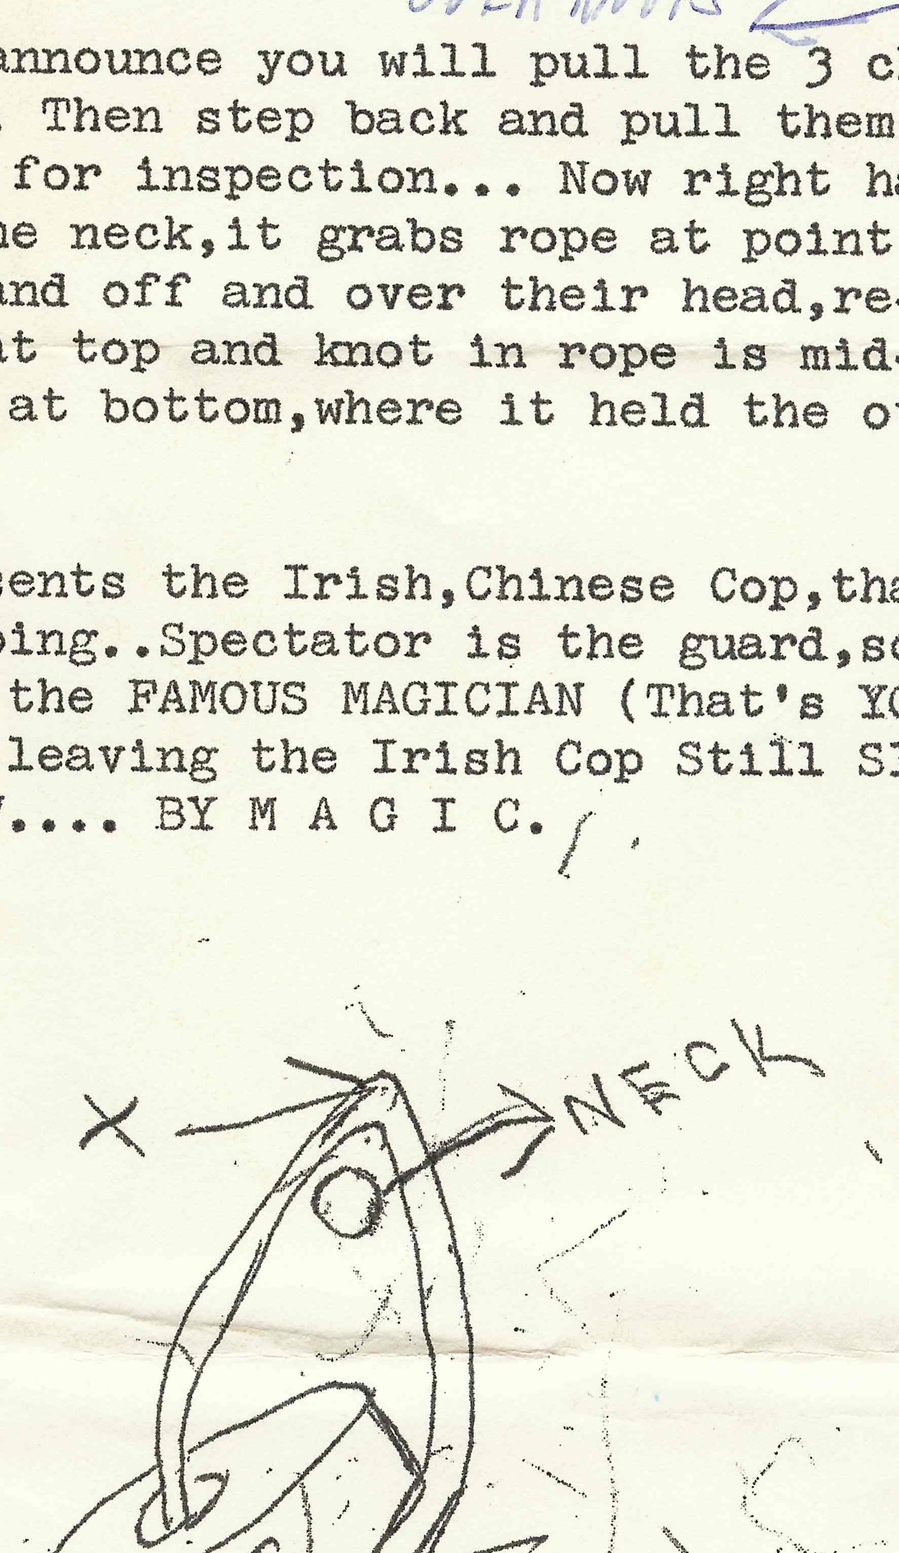
First thread the green checker on rope so it falls to center,then over ends of both ropes thread the remaining 3 checkers,so they drop down and are held from falling off,by the green..Call spectators attention to the fact of how impossible it would be to pull the other checkers over the green and off the rope.

Now - Tie the ends of the rope into a fair and square knot,so ends of rope extend about 2 inches..Sketch as left at bottom of page shows the set-up, up too this point.

Invite a spectator foward to stand to your left and face the audience.. You hold ouбfit by knot at top of rope in your right hand,then place the rope over their head,so it hangs on their neck and checkers hang on rope at middle of their back....BUT... Just as right hand goes behind their back the left takes rope at point X. in first sketch and brings rope up at that point and over their head...SOOOO,NOW,rope hangs around their neack in position shown in sketch 2...Knot at bottom kepps checkers from falling off rope,(G) Green ehcker is at the top..All this unknown to the audience at the front...

OVER KNOTS

Step way from person for a moment and announce you will pull the 3 checkers right over the green one and off... Then step back and pull them off and out one at time and tosss them out for inspection... Now right hand goes to rear to pick rope up and off the neck,it grabs rope at point marked X X and hand bring that section up and off and over their head,result is you have rope at this section at top and knot in rope is mid-way at one side and green checker still hangs at bottom,where it held the other checkers from coming or falling off.




Patter To The Effect:- The Green represents the Irish,Chinese Cop,that keeps the 3 Chinese Bad Men from escaping..Spectator is the guard,so you hang them around his neck.... Then the FAMOUS MAGICIAN (That's YOU) comes along and releases the prisoners,leaving the Irish Cop Still Sleeping and spectsotr still on guard... HOW.... BY M A G I C.
