

Jimmy King's

INDIAN DOVE CHEST

MANUFACTURED AND RELEASED BY
MAK MAGIC CO. COLUMBUS, OHIO

This chest is supplied both with and without a table base. Those supplied with a base have a flange attached to the bottom of the chest. If you have purchased a chest without a base, you will have to attach a flange to fit your own table.

EFFECT:

A beautifully decorated chest sets on an undraped table. It can be shown all around. The back of the chest is opened up toward the magician and FIVE LIVE DOVES are placed into the chest. This door is then closed. HI ---- PRESTO !!! The top is removed from the chest, and all four sides drop down. In place of the doves is a large rabbit, cat, inflated balloons, or almost anything desired. The doves have COMPLETELY VANISHED!

TO PREPARE:

Pull open the rear of the box and pull up the bottom flap. The other three doors are closed and the lid is in place. Prop the bottom flap up with the support provided. In the front top section of the chest place the item to be produced in place of the doves. This load goes ABOVE the bottom flap. You are all set.

WORKING:

Place the doves into the back of the chest and down into the bottom, under the flap. When the last dove is placed in, let the flap down and lock it. Close the back. Then remove the top and the sides will drop down revealing the change.

You will note the fake hinges at the bottom give the impression that the sides drop at this point, leaving no room for the doves to be concealed. The illusion is perfect.

Be sure not to leave the doves in the compartment for more than TWO MINUTES AS THERE IS LITTLE AIR IN THERE. If you find it necessary to leave them in there longer, bore some holes in the bottom of the chest and a few in the top flap.
